

The American Institute of Architects Continuing Education System

AIA/CES Registered Provider Program Summary Handout

Provider:	Glass Association of North America	Length:	2 hour
Program #:	DD0101	Credits:	2 LU
Program:	Introduction to Decorative Glazing	HSW/Sustainability:	Yes

Description: A study of the types and applications of decorative glazing.

Learning Objectives:

- The definitions of different types of decorative glass
- Various design and application possibilities using decorative glass
- How the different types of decorative glass are made
- Tips on specifying different types of decorative glass

A/V Needs: Electrical power, screen and computer projector for the PowerPoint presentation. (The CES facilitator supplies the laptop and laser pointer.)

How Taught: The CES facilitator utilizes a PowerPoint presentation to provide an in-depth overview of what is decorative glazing, its uses and applications. The presentation concludes with an overview of additional educational resources and relevant test standards and specifications

Target Audience: Architects, specifiers, owners and other design professionals in the commercial market. The ideal audience size can be one on one or over 50. The program meets every experience level with time designed into the program for questions and answers.

Facilitator Qualifications: All GANA CES facilitators have been trained on CES guidelines and presentation skills. In addition, the facilitators are individuals working within the commercial architectural glass industry, representing the Association.

Costs: There is no cost to bring this program into your firm or chapter meeting.
