## CONVERSATION SPIKE

An Irish woman married – and divorced – a pirate ghost who was a few hundred years older than she. Why didn't the marriage work?

HE GHOSTED HER.

### CONVERSATION SPIKE

The hair on honey bees' eyeballs helps them detect humidity, determine how the wind is blowing, and pick up extra pollen. Pick a weird place to grow hair on your body, and give it a fascinating function besides just being hair.

Hair in your ear  
that tingles when  
someone tells you a lie.

## ROUND ROBIN

What should have been  
invented by now?

# **Unspillable Coffee Mug:**

No matter how clumsily you handle it, this mug defies the laws of physics and never spills a single drop. Perfect for the coffee enthusiasts who are also aspiring circus performers.
